## SUMMARY

Computer Science student who is motivated, detail-oriented, and is interested in web technologies. Experienced in front-end and back-end development. Shows leadership and team coordination capability by working in projects and organization. I like to learn as much as possible, work in a team, and construct meaningful technology innovations.

## WORK EXPERIENCE

### XIAO LONG BAI | 2024 – PRESENT

- Our own company that aims to provide a full stack system and services for gym management software.
- I am the Quality Assurance Engineer of our company, which handles the system's functionality and reliability.
- We are using different technologies depending on the client requirements, including but not limited to HTML5, Bootstrap, Figma, Twilio API, MySQL, and more.
